

BRUSH PRO

Carpet Prespray

CC602GL

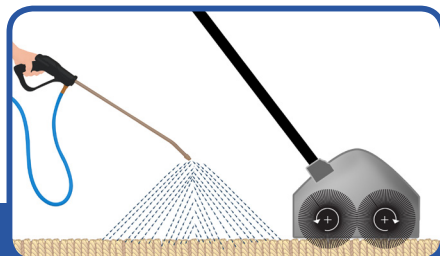

Brush Pro Carpet Prespray is a low moisture liquid carpet cleaner that utilizes the latest encapsulation chemistry to emulsify and surround dirt for easy removal.

- Neutral ph
- Carpets stay cleaner longer. Brush Pro Carpet Prespray loosens then encapsulates the soil for easy removal with a vacuum. There are no sticky residues.
- When used with the compound and machine, a CRI certified system component.
- For use as a prespray or stand alone encapsulate cleaner on synthetic or wool carpet.
- 10 oz per gallon for RTU. 1 gallon RTU covers 600sf
- Use undiluted for spotter

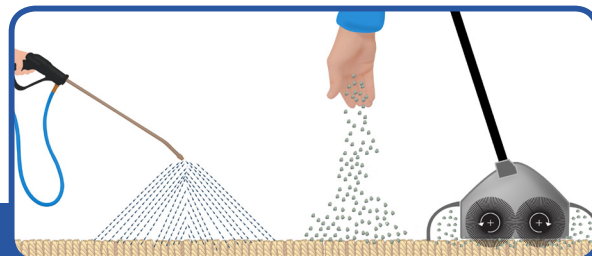

Spot Remover

Apply Prespray undiluted to a clean towel. Moisten the stain with the towel. Dab the dissolved stain away, but do NOT rub.

Encapsulation

Mix 5 ounces of Brush Pro Carpet Prespray to 1 gallon of water. Mist onto soiled carpet. Do not soak the carpet. Brush in with Brush Pro Vacuum when dry to pick up encapsulated soil.

Prespray for Brush Pro Dry Compound

Mix 10 ounces of Brush Pro Carpet Prespray to 1 gallon of water. Mist onto soiled carpet. Apply dry compound. Brush in with Brush Pro and vacuum when dry.
